for the

Northern Illinois Family AND YOUTH

**Mental Health/Substance Abuse/Juvenile Justice
Conference**

Helping Families take the Driver's Seat of Family Driven Care

A Conference for Families AND YOUTH / Teachers and Professionals

The Illinois Federation of Families and DHS/Division of Mental Health are proud to present this conference specifically developed to address issues that families in Illinois face when living with a son or daughter who struggles with mental health issues. We encourage youth to attend sessions that will address their issues. These sessions have been developed by youth and organizations that work with youth. As Illinois moves to a state of "Family-Driven Care" this conference will focus on what that means for families, and the people who serve them. Hope you can join us!

8:00 am to 4:00 pm
